Note: "growth" in red, "decline" in green

January 2024 **Monthly Revenue Overview**

The Company reported unaudited consolidated revenue of NT\$ 522.1 billion for January 2024, up 13.48% MoM but down 20.93% YoY. It was the second highest for the same period (January 2023 ranked the highest with NT\$ 660.4 billion).

January 2024 **Revenue Performance by Segments**

- In January 2024, revenue was NT\$ 522.1 billion, up 13.48% MoM. Smart Consumer Electronics delivered strong growth, and Computing Products showed significant growth. Cloud and Networking Products was flattish, while Components and Other Products declined MoM. Performance detailed by each product segment as below:
 - Smart Consumer Electronics Products:** Due to strong customers' pull-in, revenue in January showed strong growth MoM.

- (2) **Computing Products:** Due to customers' pull-in demand, revenue in January delivered significant growth MoM.
 - (3) **Cloud and Networking Products:** Growth in cloud products was offset by weakening demand for networking products, resulting in mostly flat performance MoM.
 - (4) **Components and Other Products:** Due to one-off non-recurring engineering (NRE) recognition in the previous month related to component business that lifted the base of comparison, revenue in January declined MoM.
2. **Revenue in January 2024 was down 20.93% YoY. Revenue in Components and Other Products showed strong growth YoY, and revenue in Cloud and Networking Products delivered significant growth. Computing Products declined slightly, while Smart Consumer Electronics Product declined YoY. Revenue performance detailed as below:**
- (1) **Components and Other Products:** Thanks to components revenue increase and rising shipment in auto components, revenue in January showed strong growth YoY.
 - (2) **Cloud and Networking Products:** Revenue in January increased significantly YoY with customers' new product launch.
 - (3) **Computing Products:** Due to PC market demand slowing, revenue in January declined slightly YoY.
 - (4) **Smart Consumer Electronics Products:** As factories resumed normal operation following the pandemic in January 2023, increasing shipments led to a higher comparison base. Revenue declined YoY in January 2024.

2024 Q1 Business Outlook

Overall operations in the first quarter of 2024 is gradually entering the traditional off-peak season, and seasonal performance is expected to be similar to that of the past three years. In the first quarter of 2023, as factories resumed normal operation following the pandemic, increasing shipments led to a higher comparison base. The outlook for the first quarter of this year is expected to decrease YoY.
